Item specifics

Condition:	Seller refurbished :		
Seller Notes:	"Completely operational in all respects, NEW Battery Pack, Stable"		
Modified Item:	No	MPN:	4911
Country/Region of Manufacture:	United Kingdom	Brand:	Datron / Wavetek ,Fluke

For sale is a **Datron / Wavetek 4911 10V DC Voltage Reference Standard, Stable.**

Similar to the Fluke 734A, 734B, 734C or 7000

The 4911 has 4 independent 10V references, each with its own battery pack. You can run them independent of each other

This unit has a completely new set of batteries and all of the electrolytic capacitors have been replaced so this should be a problem free box with the complete maintenance manual including schematics & parts list. A 30 day warranty is also included.

Unfortunately, the paint they were using at this time wasn't as good as it is today as seen by the missing paint where someone labels were at

This will be shipped with the batteries switched to transit mode.

The unit contains 15 NEW Sealed Non-spillable Lead acid batteries, 6V, 2.5AH. [Shipping includes full insurance!](#)

If you're interested in alternative forms of payment, please contact me. I've been known to give you my cat for you
