Wavetek Datron 4911 DC Voltage Standard

Removed from standards lab during an upgrade.
 Maintained, inter-compared, and used in a climate controlled standards lab for a decade.
 New IATA and DOT compliant batteries installed August 2020.
 Latest values measured and assigned September 2020.
 Very low observed drift rates (see pictures).

The last picture shows it in the DC voltage system - SHOWN FOR REFERENCE ONLY. Sold with no accessories or cables.

Overnight shipping via Fedex to the lower 48 included with buy it now or auction purchase. International and other states contact me for shipping costs.

The equipment is fully functional and has been used continuously since at least 2010. Because of the age of this equipment, it is being sold AS-IS. NO RETURNS, NO REFUNDS.
