ADDITIONAL INFORMATION:

Situation:

3458A will now have 148kB memory as standard and 3458A-001 will be discontinued starting from August 1, 2019.

Customers who own 3458A DMMs (20kB memory) can still choose to upgrade to 148kB by ordering the 148kB Memory Kit (03458-80049).

As 148kB memory is now made standard, you will not see -001 check box label at the rear panel of the 3458A DMM.
