

# E5515CU Hardware Upgrade Sets – Achieve the full 2G/3G/3.5G capability of your 8960 wireless communications test set!

Now you can upgrade your 8960 wireless communications test set to the latest hardware with one part number and for one low price!

## E5515CU-80C hardware upgrade set

Upgrades your 8960 to the latest E5515C hardware configuration

## E5515CU-80E hardware upgrade set

Upgrades your 8960 to the latest E5515E hardware configuration, including powerful new capabilities:

- One part number, and one low price makes it easy to upgrade to the latest 8960 capabilities
- Low cost: Significant savings compared to individual hardware kits
- Software purchase required (does not apply to those with an active E6720A annual contract)

Only the following hardware kits are not included in the E5515CU-80C and E5515CU-80E hardware sets:

E5515CU-006	RF OUT ONLY
E5515CU-504/514 /614/624	Fading
E5515CU-506	TD-SCDMA/W-CDMA Tx on/off measurement enhancements
E5515CU-609	Extra bands

If you need to enable any of this functionality, simply order the desired kit(s) along with the E5515CU-80C or E5515CU-80E.

You must purchase at least one software product with the E5515CU-80C or E5515CU-80E (unless you already have an active E6720A annual contract for your lab application).

E5515CU-006 and E5515CU-609 are not available when ordering an E5515CU-80E upgrade for an 8960 test set without an RF OUT ONLY port.

**Contact your Agilent sales representative for details on the new features available in today's latest software products.**

Note: Some early test and lab applications will no longer run after this hardware upgrade and must be upgraded to retain functionality.

*Anticipate — Accelerate — Achieve*

**Agilent Technologies**

Agilent Advantage Services is committed to your success throughout your equipment's lifetime. To keep you competitive, we continually invest in tools and processes that speed up calibration and repair and reduce your cost of ownership. You can also use Infoline Web Services to manage equipment and services more effectively. By sharing our measurement and service expertise, we help you create the products that change our world.
