

ESA CATV Measurement Personality (Option 227)

The A.02.08 CATV Measurement Personality can be obtained using one of the following two methods:

- If you already have a license for this personality you can download the latest version from this site for free to a Microsoft Windows based Personal Computer.
- If you do not have a license for this personality you will need to order an E440xBU-227 upgrade kit.

Note: This CATV Measurement Personality version is only for use with ESA-E Series Spectrum Analyzers with firmware version A.07.06 or newer.

The "**ESA Personality Installation Procedure**" will guide you through:

- Downloading the installation image
- Creating an installation floppy disk set
- Loading the software into your ESA
- Verifying the installation

How to Download

- See the Installation Procedure

Download
