

ESA FM Deviation Measurements (Option J35/J36)

There are currently two different FM Deviation Measurement Personalities for the ESA-E Series Spectrum Analyzers, Option J35 & J36. Be sure to choose the correct download for the desired Option.

Note: These FM Deviation Measurement Upgrades are only for use with ESA-E Series Spectrum Analyzers. You must currently have a license for this software to be able to use these downloads.

The "**ESA Personality Installation Procedure**" will guide you through:

- Downloading the installation image
- Creating an installation floppy disk set
- Loading the software into your ESA
- Verifying the installation

Current Version Previous Versions

How to Download

- See the Installaton Procedure
