ESA Modulation Analysis Measurement Personality (Option 229)

The Modulation Analysis Measurement Personality can be obtained using one of the following two methods:

- If you already have a license for this personality you can download the latest version from this site for free to a Microsoft Windows based Personal Computer.
- If you do not have a license for this personality you will need to order an E440xBU-229 upgrade kit.

Note: This Modulation Analysis Measurement Personality version is only for use with ESA-E Series Spectrum Analyzers with firmware version A.08.04 or newer.

Why Download this version?

- This version also includes the functionality of Option 231 - ESA to 89601A Software Link Utility

The "**ESA Personality Installation Procedure**" will guide you through

- Creating an installation floppy disk set
- Loading the measurement personality into your ESA

- Installing the license key
- Verifying the installation

Current Version   Previous Versions
