[1] Feature requires custom programming.

[2] XLinx is only available for the 2700, not the 2750.

[3] Internet Toolkit, Database Toolkit, SPC Toolkit, or the Suite that contains TestPoint and all of the toolkits are available from Keithley.

[4] ExceLINX for the 2700/2750 is different from ExceLINX for our Data Acq boards.
   - ExceLINX for 2700/2750 is ExceLINX-1A, which is only on CD-ROM and costs $395 (requires Office 97 or 2000).
   - ExceLINX for Data Acq boards is ExceLINX-DAS, which only available for download from the Web and is FREE.
