I found them:

1st level is: 9999
2nd level is: 999999

Primary ist still unknown.

And then theres a "Marconi Password". But maybe im not "supposed" to know this. :)

Im from germany.

Hi ChickOn,

For the 6200 series, the default password for level 1 is 1234 and the level 2 is 123456, the same for a few models of Marconi Instruments
You should not be needing the Master/Primary password, what are you trying to do?
Whereabouts in the world are you?

My 2025 manual says:

1st Level is 1234
2nd Level is 123456

Unless someone changes them of course.
