

USB Type-C ENGINEERING CHANGE NOTICE

Title: Correct mis-cropping of Figure A-2

Applied to: USB Type-C Specification Release 1.0, August 11, 2014

Brief description of the functional changes:

Correct the mis-cropping of Figure A-2. As published, the cropping removes the connection between VCONN and DET1.

Benefits as a result of the changes:

Correctly represent the figure, showing the connection between VCONN and DET1

An assessment of the impact to the existing revision and systems that currently conform to the USB specification:
--

Editorial correction

An analysis of the hardware implications:
--

None, to hardware that correctly implements the intended implementations. Hardware that implements the figure as published will not function correctly.

An analysis of the software implications:
--

None

An analysis of the compliance testing implications:
--

None, to compliance tests that test the intended specification.
