

# USB Type-C ENGINEERING CHANGE NOTICE

**Title: Type-C to Standard-A cable figure update**

**Applied to: USB Type-C Specification Release 1.0, August 11, 2014**

<b>Brief description of the functional changes:</b>
---

Figure 3-22 shows an incorrect pin labeling on the Standard-A connector. This ECN corrects the pin labeling on Figure 3-22 and updates Figure 3-21 to provide a common format for both Type-C to Standard-A cable figures.
--

<b>Benefits as a result of the changes:</b>
---

Corrects error in the Type-C specification.
---

<b>An assessment of the impact to the existing revision and systems that currently conform to the USB specification:</b>
--

No impact to product in conformance to the pin assignment tables.
---

<b>An analysis of the hardware implications:</b>
--

Corrects the USB 2.0 cable figure labeling to match component drawings and pin assignment table.
--

<b>An analysis of the software implications:</b>
--

N/A
-----

<b>An analysis of the compliance testing implications:</b>
--
