

Improve Characterization Efficiency with B2900's Easy File Access Function - Application Brief

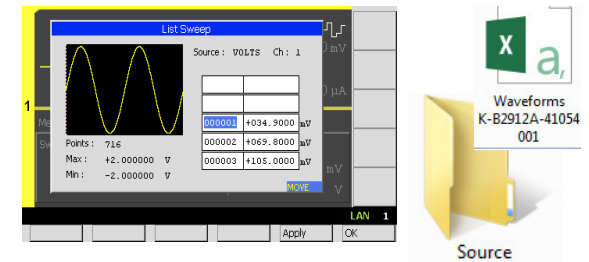

B2900 Precision Instrument Family

Manage Files on any B2900 Family Precision Instrument Effortlessly from a PC Via a Simple USB Connection Using Windows Explorer

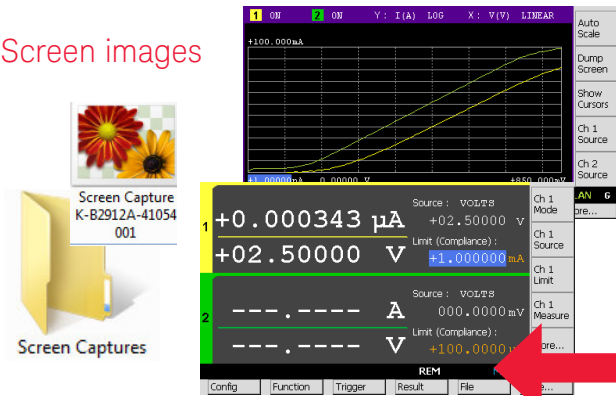

Measurement results

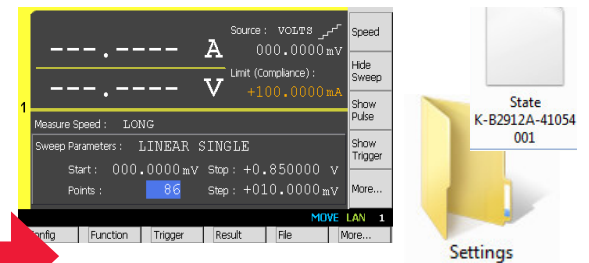

Waveform data

Screen images

Instrument state files

Easily save measurement results or screen images to your PC for report generation

Easily load and save instrument states, output waveform data and user files

How to Enable the Easy File Access Function

1. Open the USB Status dialog by a More... >> IO >> USB operation and enable the Easy File Access function

2. Reboot the B2900

3. Connect the B2900 to your PC using the furnished USB cable

4. Open Windows Explorer on your PC

- ✓ For the B2900A SMUs the Easy File Access function is available for firmware versions 3.0 or later, but a "SWS" license is also required to enable this function.
- ✓ If a USB stick is attached to the instrument then it can also be accessed using the Easy File Access function.
